# Christ Child Soc. Church Tour October 13, 2016

As you know the future growth of our church lies in South America & Africa. In a few short years our nation will be predominantly non-white. We need to be a welcoming and a sharing church in this country.

This year we will visit two Hispanic Churches on the West Side: St. Michael the Archangel (First German Church and very beautiful with more statues than St. Stan's) and La Sagrada Familia (Estab. in 1980. The first Mass was celebrated in the present church in 1998). We will have lunch, family style at Sterle's Slovenian House just newly remodeled and reopened.

After lunch we will visit two African-American Churches on the East Side: St. Adalbert/Blessed Sacrament Church (First a Bohemian Church, now African-American, which now has a school taught by nuns from Africa and a priest from Africa who celebrates one Mass a month in Swaheli) and then St. Agnes/Our Lady of Fatima Church (newest built Catholic Church in the Cleveland Diocese opened last year which is also the home of a Catholic Charities Center which meets the needs of the neighborhood. It is across the street from Old League Park, first home to Cleveland baseball).

It should be an exciting day, very busy and will require a lot of walking so no wheelchairs etc. please! We have a bus for around 52 people.

DEADLINE: OCTOBER 1, 2016
